Motivation

Working as the partner of both the people and the company, I am fascinated by change processes: stimulating ideas – anchoring innovations – breaking down barriers – setting energy free – being effective!

Focus areas

Extensive leadership and management experience in enterprises from start-ups to corporations, focus on strategic organic and inorganic growth processes as well as the design and implementation of complex and sustainable change and efficiency enhancement initiatives.

Positions

- Trained bank clerk, graduated in Business Studies (Diplom-Kauffrau)
- Long-term training in systemic team and organisational consulting and hypno-systemic coaching
- Helped to shape international infrastructure financing in the banking industry
- Management positions in line and project organisations in the energy industry
- Systemic management and organisational consultant across sectors, including seats on corporate boards
